# About Us

It first started its operations in 1988 under the name Cemil Çelik and later became Cemil Mermer A.Ş. in 1990 and continued under the name Yeşilova Marble Ltd. in 1992. Our company continues its marble quarry and factory production activities under one roof with the establishment of Yeşilova Marble Ltd.; It is one of the first quarry enterprises of Burdur. Kremtaş Ltd. in Antalya-Finike, Kacemer Ltd. in Eskişehir-Sivrihisar, Çaltepe Ltd. and CRT Cerit Ltd. in Burdur Yeşilova, Era Ltd. in Denizli-Kaklık, provide services adhering to the principles of innovation and honesty.

Our group companies export to 16 different countries with an average annual production of 160,000 tons. In recent years, by giving priority to quarry investments, it has reached the state-of-the-art production system and increased its production capacity considerably, both with the changes made in the machinery park and the purchase of domestic machinery.

Our company continues its activities with its innovative structure and breadth of vision, quality service, as well as awareness of its responsibilities towards the environment and nature.

Yeşilova Marble, which is committed to ethical values and has designed its goals and objectives at a level that can be achieved, is rightfully proud of its successes at the point it has reached today. Yeşilova Marble, with its young and dynamic management team, takes part in many important projects at home and abroad and maintains this success steadily.
